EDUCATION

General Assembly Software Engineering Bootcamp

February 2022-June 2022

McDaniel College / B.A. English & Secondary Education

August 2004 - May 2008, Westminster, MD

SOFTWARE ENGINEERING EXPERIENCE

General Assembly/Software Engineering Immersive

March 2022-June 2022

A 12 week, 600+ hour software engineering course that provides classes and hands on experience with front and back end programming. I learned how to use multiple frameworks and stacks to develop web applications, and as part of the course created 3 full stack applications (1 within a team) from the ground up. I also gained experience with third-party APIs, practiced Leet Code and other algorithmic challenges, worked with multiple databases, and deployed both front ends and back ends on appropriate platforms.

Programming Languages: Python, JavaScript, HTML, & CSS

Database: Django, SQL, MongoDB

Other Tools: JQuery, Node, Express, React

Projects: Cocktail Menu Creator, Color Selector React Website, Reverse Engineered Website, Minesweeper Game (viewable via GitHub)

Programs/Workspaces: Visual Studio Code, Eclipse, Emacs, GitHub, CodePen

Additional Computer Science Education:

UMBC Computer Science Program, January 2015-December 2015

University of Maryland College Park Computer Science Program, January 2014-December 2014

OTHER PROFESSIONAL EXPERIENCE

Data Analytics & Project Management:

Assured Partners/ December 2021-March 2022 (contract)
